Girls Inc. Westchester seeks EXECUTIVE DIRECTOR

Overview

Founded in 2007, Girls Inc. Westchester is seeking to hire a dynamic Executive Director. Girls Inc. inspires all girls to be strong, smart, and bold. Our comprehensive approach to whole girl development equips girls to navigate gender, economic, and social barriers and grow up healthy, educated, and independent. These positive outcomes are achieved through three core elements: people - trained staff and volunteers who build lasting, mentoring relationships; environment - girls-only, physically and emotionally safe, where there is a sisterhood of support, high expectations, and mutual respect; and programming - research-based, hands-on and minds-on, age-appropriate, meeting the needs of today’s girls. Informed by girls and their families, we also advocate for legislation and policies to increase opportunities for all girls and address the systemic barriers that impede girls’ success, particularly girls in low-income communities and girls of color.

Our model is simple but effective. Girls Inc. gives girls the right tools and support to succeed, including trained professionals who mentor and guide them in a safe, girls-only environment – typically in schools or in community centers as well as virtually – with peers who share their drive and aspirations, and research-based programming. Girls Inc. girls learn to set and achieve goals, boldly confront challenges, resist peer pressure, see college as attainable, and explore nontraditional fields such as science, technology, engineering and math (STEM). In our programs we teach girls how to use their knowledge and strength to promote positive change for themselves and their communities.

We are excited to welcome to our organization a leader with an unstoppable passion for enabling others to be the best they can be. A great addition to our team will have extraordinary emotional intelligence, be humble, persuasive and have the leadership capability to manage and strategically grow the organization. Our ED will leverage her unique balance of financial and operational acumen with an entrepreneurial approach to drive the creation of amazing programming and the funding to support it. Above all our ED who embodies the vision of our organization through Strong, Smart and Bold behaviors.

Girls Inc. is a 150 year old national non-profit organization serving over 138,000 girls ages 6 to 18 annually through a network of 90 affiliates located throughout the U.S. and Canada.
